

Notice To Families/Individuals Seeking Day/Evening Activities

Follow up to an earlier notice:

FMC continues to develop partnerships in the community to create increased opportunities for individuals in transition from High School or who have been unable to find community participation programs or employment opportunities.

This Notice is directed to:

“Families presently seeking daytime activities for family members transitioning from High School this spring”

FMC has commitment from a few Service Providers who are willing to explore ideas of what families are seeking and to work with small groups of families and individuals, to create new programs.

Any Programs created will be based on “Fee for Service” –
Can be paid with: SSAH, Passports, Private funds or Direct Funding through Service Coordination

We are in the process of setting up small meetings with an Agency and a Private Support Provider, to discuss possibilities.

In the Next few weeks we hope to set up **2 meetings:**
1 in Kanata and 1 in Central Ottawa

If this is of interest to your family please contact:

Marge McCabe-613 733-0112 or 613 298-9307
