

Emerging Minds and Mary Lee Preschool in Barrhaven are pleased announce that it's partnership to provide two specialized preschool programs for children ages 2- 5 years, with a diagnosis on the autism spectrum, will continue threwh the summer months.

The programs are designed to provide enhanced support to children requiring assistance with socialization, communication, and behavioural skills development.

Programming will be individualized, and will be carried out with a 3:1 student: teacher ratio by Early Childhood Educators and Autism Intervention specialists. The programs will also include the support of a speech and language pathologist, occupational therapist, psychology and behaviour consultation.

Please not that currently there are only spots available in the afternoon program.

For further information, please contact Fiona at 613-218-0849 or at fiona@emergingminds.ca
