## ARE YOU INTERESTED IN TECHNOLOGY USE IN DAILY ACTIVITIES AND SOCIAL LIFE?

### YOU MAY BE ELIGIBLE TO PARTICIPATE IN A RESEARCH STUDY

We would like to find out about the views of seniors on technology such as computers, mobile telephones and the Internet. We are interested in how these technologies are used or can be used in daily activities and social life and how easy or hard it is to get and use these technologies.

If you participate, you will be asked questions in an interview lasting up to about 1 hour. **The entire session may take up to 90 minutes.** The interview will be located at the University of Ottawa or a place that is agreed upon by you and the researchers **to meet face-to-face.**

#### YOU ARE ELIGIBLE IF YOU ARE:

- Able to speak and understand English
- 55 years of age or older
- Experiencing concerns with your attention, memory, ability to learn new things, or any other cognitive change that effects how you participate in daily or social activities
- Able to provide informed consent / assent (consent from a substitute decision maker)
- Living at home or in residential care (in Toronto, Ottawa, or Montreal), and
- Able to answer questions about technology use

We are looking for participants who currently use and participants who do not use technology such as computers, mobile telephones and the Internet.

An honorarium will be offered as appreciation for your time.
